

The Center To Inform
Personnel Preparation Policy And Practice
In Early Intervention & Preschool Education

Attention: Part C & 619 Service Providers

Invitation to Participate in an Important Research Study

The Center to Inform Personnel Preparation Policy and Practice would like to invite you to participate in an important research study. The purpose of the survey is to examine issues important to work force development in Early Intervention. The items will help us develop a national training agenda which will be shared with the Office for Special Education Programs (the funder for this project) as well as states that are looking to develop training opportunities for their work force in Part C programs.

In order to be eligible for this survey, you must be providing services in a Part C or 619 funded program. Please pass this along to your colleagues in this category.

The survey should take about 30 minutes to complete. Your participation is voluntary and you may refuse to participate and/or discontinue participation at any time without consequence. You may also skip any question that you do not wish to answer. Your responses are anonymous. You will not be paid for completing this survey.

To participate, simply log onto SurveyMonkey at the link provided below.

Please note that this survey will not be available online until November 1, 2006.
